NIGHT HAD BEEN A SERIOUS FIRE

But For Presence of Mind of Mrs. Ellsworth.

But for the presence of mind of Mrs. Emma Ellsworth, who is nursing Mrs. J. T. Williams, the Williams house might have been burned Saturday evening. Mrs. Williams and her young infant were in bed and Mr. and Mrs. Ellsworth was sitting near the kitchen stove with the little son of the household when the stove toppled over. There was a fire in the stove, and the burning wood and coals fell out near a pile of papers. Mrs. Ellsworth quickly put out the blaze and sent her little daughter, Para, who happened to be there, for help. The stove was soon righted, and except for the nervous shock to Mrs. Williams none were the worse for the accident.

AUCTION SALE SCHEDULED. Wednesday November 17, D. M. L. Baron will dispose of much of his property at an auction sale which will be held at his store on south Main street. William Newell will be the auctioneer. The stock includes two horses, delivery wagon, bicycle and other things.

RASTUS GOT WET TO SAVE STEPS

The Railroad Company Had Departed From Its Schedule.

"Rastus" LeBaron was one of the visitors to Phoenix Friday night and came home on the late train. He has been in the habit of jumping from the train close to his home, as the track curves there and generally slows down a bit. "Friday" "Rastus" was already for the jump, but the train was in a hurry and didn't slow much, so he miscalculated his distance some. But he didn't want to walk home, so he took a chance and jumped anyway and landed plump in a deep irrigation ditch which was full of a nice, muddy, soapy sort of slush. He went in deep enough to think he had fallen into the Pacific ocean, and when he had pulled himself together he hiked for home. He didn't want the story to get out, but his friends think it too good to keep.

LADY MACCABEES' DANCE.

The lady Maccabees are busy perfecting their plans for the dance of the season which they will give on Thanksgiving night in the Vance auditorium. They have a good floor committee appointed, and best of music engaged, and this combined with the well known hospitality of the Maccabee ladies will insure a good time to all who care to attend.

PROPERTY CHANGES HANDS.

Saturday afternoon Mrs. D. M. LeBaron completed arrangements whereby she purchases the residence property of D. D. Jones. The house is a comfortable six-room building on West Second avenue, and is a good buy. Mrs. LeBaron will probably make it her home in the future.

ANOTHER FISHING PARTY.

Another crowd of sportsmen went out to Granite Reef Saturday in an automobile to enjoy the excellent fishing which is to be had there. There are few days that some party or other does not go to the reef and always they come back loaded with fish.

There is a large deep pool just below the gateway, and it is very convenient to sit on the cement walls and fish when the pool is full of fine fish that always seem hungry enough to bite a hook. It is not far from town, and the distance can easily be covered in an afternoon and plenty of time allowed for fishing. The party who went Saturday included Jim Miller, Ed LeBaron, Don LeBaron and Charles Johnson.

THE POST COMPANY'S APPEARANCE.

All the theater loving population of Mesa have been "saying up" for the Post engagement which opens here tonight in the Vance auditorium. The company is large and includes some pretty girls who can sing well but twirl their footsies better. They are all clever and have been playing to crowded houses in Phoenix for over a

month. One of the principal attractions to the Mesa citizens will be Billy Onslow who appeared here recently in vaudeville with pretty Miss O'Malley. They will show Monday, Tuesday, Thursday and Saturday nights, and reserved tickets are now on sale at the Vance bakery.

MESA DAIRY CO. WINS BLUE RIBBONS

But it is Not a New Thing For That Institution.

For several years the Mesa Dairy company has been the winner of either first and second prizes, or both firsts at the territorial fair, for their butter and cheese. This year has proven no exception and the smiling countenance of Mont Vance is accounted for by the blue ribbon which he has for the cheese and the second prize for butter. It is a pretty good thing to take such prizes among such competition, and Mr. Vance should be proud of his achievements. He has superintended the butter making for a long time, and the excellent products which come from his dairy find ready market in his home town, but it is gratifying to know that the fair judges appreciated the qualities of the butter and cheese.

POPULAR WILL REMAIN OPEN A FEW DAYS.

Mr. Bates, manager of the Popular, would like it announced that the Popular will remain open a few days longer, and not close Saturday night as reported.

D. O. K. K.

Tuesday night of last week Frank Dykes and J. F. Giles went to Phoenix where they were initiated in the Dramatic Order of the Knights of Khorasan which is a degree of the Knights of Pythias. Both men are enthusiastic over the new rank they hold and hope soon to have other members of the Damon lodge with them.

MELON GROWERS SIGN SEASON'S CONTRACTS.

Saturday afternoon the melon growers of Mesa met for the purpose of electing officers for the ensuing year and also to sign up the contracts with the H. Woods company of Chicago, with whom the Mesa cantaloupe men have done business ever since the melons were first shipped out of the valley.

With very little discussion the growers finally signed a contract which is practically a duplicate of last year's agreement. The officers elected were: President, D. P. Jones; vice president, George Dykes; secretary, K. L. Mumford, and the two directors to make out the board are Abe Harper and E. Ruse.

GRAPE GROWERS MEETING.

There was a meeting of the grape growers of Mesa in the office of Dr. J. B. Nelson Friday night to here the

SUGAR BEET

CONTRACTS have been coming in rapidly, and we now have over one-half of the 7,000 acres already contracted for. As soon as we reach the 7,000-acre mark we will be compelled to refuse any more applications. Parties wishing to grow Sugar Beets the coming season should see our agents at once or write to us at Glendale.

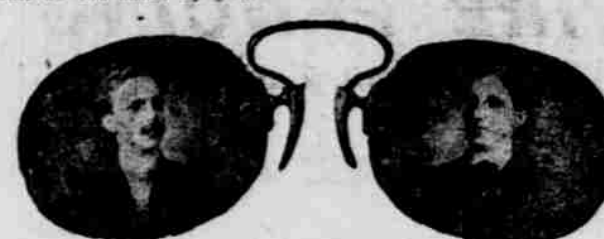

Early planted beets, well tended on good soil, will prove the surest and best crop that can be raised in the valley. It is possible to raise 30 tons per acre; 20 tons per acre will be a common yield, and 15 tons per acre is a fine paying crop.

The market is steady and the price assured, \$4.75 per ton. We will arrange for seed and hand labor. See us today.
